PRODUCT CATALOG

JARDINE

Since its inception in 2016, Jardine has evolved into a leading export-focused outsourcing unit, specializing in garden cushions for online retail. With a primary factory spanning over 5000 square meters and plans for a second facility of 100,000 square meters near Faisalabad, Pakistan, Jardine is poised for continued expansion. Emphasizing sustainable practices, premium-quality materials, and community support, it provides dignified employment and fosters economic growth in an underdeveloped area. Through ongoing training and outreach initiatives, Jardine enables access to opportunities and careers. Thriving amidst the global surge in outdoor living trends and the rise of direct-to-consumer retail, Jardine maintains its steadfast commitment to quality, integrity, and exceptional service.

MISSION

At Jardine, we don't just make textiles; we weave dreams, opportunities, and a stronger community. Our mission is to create a textile manufacturing powerhouse that not only produces quality products but also empowers the local community within our small city, Gojra. However, our mission goes beyond the business. We aspire to be a catalyst for positive change in our community, striving to uplift the lives of our fellow citizens. We aim to provide meaningful employment opportunities to the local people, nurturing their skills and offering a platform for financial growth.

VISION

Jardine leads global garden cushion manufacturing with a commitment to excellence and sustainability. Our designs redefine outdoor living, blending comfort and style seamlessly. Certified with ISO 9001:2015 and active in UN sustainability initiatives, we prioritize eco-friendly practices. Explore our extensive range, from indoor beanbags to outdoor floor cushions, for ultimate comfort. With a focus on quality, innovation, and environmental responsibility, Jardine sets the standard for outdoor comfort.
